Fredericton NB E3B 5H1

Dear Mr. Graham,

Seniors are an invaluable asset to this province. They have provided a strong foundation for us all and continue to make positive contributions to New Brunswick.

Your departments have identified that seniors of New Brunswick want to stay in their homes as long as possible. We are concerned about the lack of support you are providing to help take care of those who need help.

We understand the New Brunswick Home Support Association is working with the government to ensure there is a sustainable industry with better training, standards and an ongoing flow of new workers to take care of seniors.

We are expressing our support for this initiative and ask that support and resources be contributed to their efforts so that quality of services may be improved.

Sincerely,

Robert LeBlanc
President
